No matter what you're selling, every sale follows roughly the same pattern of seven steps. Salespeople don't always think in terms of stages of a sale as being different events, but, in fact, they are, and they're all necessary to advance the process toward a sale. Mastering each one of these stages is essential if you're going to succeed in sales.

How to Master the 7 Stages of the Sales Cycle

When the Seven-Step Selling Process Is Used. As you learned in Chapter 3 "The Power of Building Relationships: Putting Adaptive Selling to Work", the sales process is adaptive, which means that each situation may be different and salespeople have to adapt and understand what is important to each customer and where each is in the buying process.But in order for a salesperson to use adaptive ...
