When I started this Web site back in 1996 there wasn't much information about big block Chevy engines on the Web, so I decided to create this page. I don't claim to be an expert about engines and am simply sharing some of the information that I've compiled from many different sources. Eventually I'd like to be able to provide some good technical information, especially about cylinder heads ...

Big block Chevy engines - Roadsters.com main index

I have a chevy 350 engine with Casting No. 3970010. I was told to get the numbers from the flat panel on the "passenger" side and I did. They are TYF705125 and V1015TMM. I have tried to look these numbers up and I can not find anything. Can someone help me, to identify this motor. I need to...
