Wii | Nintendo | Fandom

In developing the Wii, Nintendo president Satoru Iwata directed the company to avoid competing with Microsoft and Sony on computational graphics and power and instead to target a broader demographic of players through novel gameplay. Game designers Shigeru Miyamoto and Genyo Takeda led the console's development under the codename Revolution.

Wii - Wikipedia

In fact, according to the folks at Nintendo, the code name "Revolution" indicated the direction of where Nintendo was headed with the new console. The company chose to call its new console the "Wii." Nintendo has also expressed that the pronunciation of Wii, which is like the English word "we," tells you who this console is for -- all of us ...
