We are but the consciousness within consciousness. either choosing to be aware of ITs self. Or, aware of the veil of perception ITs self. A whole or a hole en todo. Materials code themselves as shapes in the congress of mindless thought. What is the equation we are allowing for. The question in the answer and the answer itself. Cheers

Catalyst Between Consciousness

The soul, like the seat of consciousness (in its neurological sense) lies in ‘the cocktail of brain soup and spark’ within the deep cerebrum and brainstem, whence dopamine, noradrenaline, acetylcholine are released ‘in a fountain-like arrangement on to the more sophisticated regions of the (cerebral) cortex and immediate subcortical ...

Understanding Brain, Mind and Soul: Contributions from ...

The mind–body problem is a debate concerning the relationship between thought and consciousness in the human mind, and the brain as part of the physical body. It is distinct from the question of how mind and body function chemically and physiologically, as that question presupposes an interactionist account of mind–body relations. This question arises when mind and body are considered as ...

Mind-body problem - Wikipedia

In many religious, philosophical, and mythological traditions, the soul is the incorporeal essence of a living being. Soul or psyche (Ancient Greek: ψυχή psykhḗ, of ψύχειν psýkhein, "to breathe", cf. Latin 'anima') comprises the mental abilities of a living being: reason, character, feeling, consciousness, qualia, memory, perception, thinking, etc. Depending on the philosophical ...
