reforms to strengthen the empire.

The Eastern Roman Empire, Constantine the Great, and ...

Constantine was a great military commander winning major victories over the Franks and Alamanni in 306-08, and later against the Visigoths in 332 and the Sarmatians in 334. This strengthened his political strength as he came to be viewed as someone who could unite the fracturing Roman Empire.

Constantine The Great Biography | Biography Online

Between AD284 and AD337 – the era of emperors Diocletian and Constantine, and the setting of the “Twilight of Empire” novels – the Roman army not only fought a series of bloody civil wars, but defeated every known enemy on the frontier and expanded the empire for the first time in a century.

The Roman Army of Constantine - Part One — Ian Ross

The German and Sarmatian campaigns of Constantine were fought by the Roman Emperor Constantine I against the neighbouring Germanic peoples, including the Franks, Alemanni and Goths, as well as the Sarmatian lazyges, along the whole Roman northern defensive system to protect the empire's borders, between 306 and 336. After becoming controller of the western provinces along the Rhine limes following the death of his father Constantius Chlorus in 306, Constantine initially ...

German and Sarmatian campaigns of Constantine - Wikipedia

Constantine was a pagan monotheist, a devotee of the sun god Sol Invictus, the unconquered sun. However before the Milvian Bridge battle he and his army saw a cross of light in the sky above the sun with words in Greek that are generally translated into Latin as *In hoc signo vinces* ('In this sign conquer').

The Battle of the Milvian Bridge | History Today

While public attention is focused on the growing statistics on the coronavirus, a profound reorganization is taking place within the executive branch of the US power. The leadership of the health ministry is assuming priority in policy making. In the shadows, worried bankers and military officers are scheming on an usurpation of power.
