### Fpa Journal Reality Retirement Planning

FPA Journal - Reality Retirement Planning: A New Paradigm for an Old Science The differences between the traditional retirement planning approach and the reality retirement planning approach are substantial. The traditional approach tends to indicate a much later retirement or decreased spending potential in early retirement years.

### FPA Journal - Reality Retirement Planning: A New Paradigm ...

Today's classic withdrawal rate study is Ty Bernicke's "Reality Retirement Planning: A New Paradigm for an Old Science," from the June 2005 Journal of Financial Planning. A common assumption for retirement withdrawal rate studies, which I've used in all of my own research, is that retirees will adjust their withdrawal amounts for inflation in each year of retirement. The assumption is that retirees will want to spend the same amount in real, inflation-adjusted terms for as long as ...
