Hotseat doesn't rely on employees remembering to get up and move. It nudges them to do so using one of their favorite accessories: their smartphone. That means employees don't need to be at their desk, or even have a desk, to benefit. Employees set their preferred activities and then outsource the exercise scheduling to Hotseat.

Hotseat is really just a basic function that ought to be included in pretty much any turn-based game. Imagine if a chess video game was released that didn't have hotseat? i.e. one could only play against AIs. Most people would say that'd be ridiculous. I remember on the gameboy it was called "single cartridge" mp as opposed to multi cartridge.

Make sure children are properly buckled in a car seat, booster seat, or seat belt-whichever is appropriate for their weight, height, and age. Use a rear-facing car seat from birth until ages 2-4.. For the best possible protection, infants and toddlers should be buckled in a rear-facing car seat, in the back seat, until they reach the maximum weight and height limits of their car seat.
