1 INTRODUCTION. If you use or develop clinical practice guidelines this manual will likely be of interest. "There are many paths to the top of the mountain," suggests an old Chinese proverb, "but the view is always the same." 1 Although many paths lead to guidelines, we offer proven strategies for crafting a valid and action-ready product within twelve months.

Trigger points (TrPs) or muscle "knots" are sore spots in soft tissue that cause deep aching. Myofascial pain syndrome (MPS) is a chronic pain disorder of too many trigger points. TrPs are usually described as micro-cramps, but the science is half-baked and their nature is controversial.Regardless, these sore spots are as common as pimples, often alarmingly fierce, and they seem to grow ...

Most of the style guides mentioned have good discussions of English, grammar, and style. Other good general references are The Chicago Manual of Style (University of Chicago Press 2010) and Webster's Collegiate Dictionary (Merriam-Webster 2003). Papers will be rejected prior to review if the quality of English is insufficient to enable peer ...
