The Land Cruiser has been produced in convertible, hardtop, station wagon and cab chassis body styles. The Land Cruiser's reliability and longevity have led to huge popularity, especially in Australia, where it is the best-selling body-on-frame, four-wheel drive vehicle.

### **Toyota Land Cruiser - Wikipedia**

Body-on-frame is an automobile construction method where a separate body is mounted on a relatively rigid vehicle frame or chassis carrying the powertrain (the engine and drivetrain). While this was the original method of building automobiles, body-on-frame construction is now used mainly for pickup trucks and (mostly full size) SUVs.. In the late 19th century the frames, like those of the ...
