For full extended winter storage, after completely draining the cooling system, Mercury MerCruiser requires the use of propylene glycol antifreeze (with a rust inhibitor for marine engines) in the seawater section of the cooling system. The fuel system must have fuel stabilizer added and the system must be fogged with 2-cycle oil.

Frequently Asked Questions | Mercury Marine

A MerCruiser 350 Mag MPI service manual, termed repair manual is a guide on how to repair an outboard motor. The MerCruiser 350 5.7L Mag MPI service manual provides detailed step-by-step instructions to boat owners accompanied by photographs and simple-to-understand diagrams on how to take an inboard/sterndrive engine apart and then fix it with less or zero trouble.
