### Phantom Limb A Gripping Psychological

This chapter provides an overview of the various levels of amputation and congenital limb absence, their prevalence, and the types of prosthetic devices commercially available for each level. In addition, it reviews relevant clinical considerations pertaining to upper-extremity prostheses (UEPs), including their role in helping to mitigate the effects of impairments due to missing limbs.

### Upper-Extremity Prostheses - The Promise of Assistive ...

In medicine, a prosthesis (plural: prostheses; from Ancient Greek prosthesis, "addition, application, attachment") or prosthetic implant is an artificial device that replaces a missing body part, which may be lost through trauma, disease, or a condition present at birth (congenital disorder). Prostheses are intended to restore the normal functions of the missing body part.

Gripping if overlong Emmy-winning drama about a rural American couple who try to cope with governmental indifference to learn the truth behind their son's death in Vietnam. Burnett seems somewhat sullen in her one-note portrayal of real-life war activist Peg Mullen, but Beatty is outstanding as her husband. Script by Fay Kanin. Above average.

"Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart." - Booklist (starred review)
