The period of the English Renaissance (c. 1520 to 1620) differed from the earlier Italian Renaissance in that playwrights and poets were awarded higher societal status than visual artists. In the visual arts, however, religious painting, which was widely demonized as a relic of the Catholic church, was overtaken by portraiture which took on a dominant role in promoting the Tudor dynasty (1485 ...

The Revolution of 1789 in France ushered in an era of great change throughout Europe, and the idea of a democratic republic ruled by and for the people was reflected in the artwork of the time. In an attempt to hearken back to the democratic ideals of the ancient world, art of this period demonstrated a revival of interest in the art of ...
