3) Digestive Disorders. Prolonged diarrhea and vomiting may cause excess vitamin B1 loss. Patients who experience confusion and vision impairment need immediate medical care and the supply of thiamine, fluid, and electrolytes [26, 27]. For the same reason, severe vomiting during pregnancy (hyperemesis gravidarum) may cause thiamine deficiency if left untreated [].

Lab reports are an essential part of all laboratory courses and usually a significant part of your grade. If your instructor gives you an outline for how to write a lab report, use that. Some

# File Type PDF Science Lab Progress Check B1 Answers

instructors require a lab report to be included in a lab notebook , while others will request a separate report.
