sweeping changes in laws and institutions. It considers and rejects the idea that the states system is giving way to an alternative world government or some method of neo-medieval rule or that the states system has ceased to be viable or compatible with objectives such as peace, economic justice, and ecological control.

states is anarchical in that there is no higher level of authority over states, each state having ultimate sovereignty over its citizens within its borders; and the system forms a society in that there are certain "common rules and institutions" (25) which provides order to the international arena. Neither statement seems very novel to a student of International
