Nissan claimed the tires on the 4x4 SE package were the biggest set of rubber to ever grace a factory compact truck. While the D21 did not provide the comfort and class of today's pickup trucks, Nissan didn't entirely disregard passengers, giving the truck large windows and thicker insulation for good visibility and an interior that was brighter and quieter than the competition.

Known internally as the Z31, the initial Nissan 300ZX would run until 1989. From a design standpoint, the car was a modernized interpretation of the 280Z. Whereas the former was an interpretation of lines made famous on the 1960s Jaguar E-type, the 300ZX was wider and squarer, and carried color-coded bumpers, smoked taillights, flat-black louvers and trim, and covered headlights.
