The Minds Provisions A Critique

The critique, then, of practical reason generally is bound to prevent the empirically conditioned reason from claiming exclusively to furnish the ground of determination of the will. If it is proved that there is a [practical] reason, its employment is alone immanent; the empirically conditioned use, which claims supremacy, is on the contrary ...

The Critique of Practical Reason, by Immanuel Kant

Instead, the provisions have employed the words 'any person' and 'any citizen' making it manifest that the constitutional courts are under an obligation to protect the fundamental rights of every single citizen without waiting for the catastrophic situation when the fundamental rights of the majority of citizens get violated. 171.

PREFACE Ancient Greek philosophy was divided into three sciences: physics, ethics, and logic. This division is perfectly suitable to the nature of the thing; and the only improvement that can be made in it is to add the principle on which it is based, so that we may both satisfy ourselves of its completeness, and also be able to determine correctly the necessary subdivisions.

Nudge theory is a concept in behavioral economics, political theory, and behavioral sciences that proposes positive reinforcement and indirect suggestions as ways to influence the behavior and decision-making of groups or individuals. Nudging contrasts with other ways to achieve compliance, such as education, legislation or enforcement.. The nudge concept was popularized in the 2008 book Nudge ...

Nudge theory - Wikipedia

The Pledge of Allegiance of the United States has been criticized on several grounds. Its use in government funded schools has been the most controversial, as critics contend that a government-sanctioned endorsement of religion violates the Establishment Clause of the First Amendment to the U.S. Constitution. Arguments against the pledge include that the pledge itself is incompatible with ...

Movie Reviews - The New York Times

The unexpected spread of democracy at the fag-end of the last century produced a global overuse of the term, denuding it of its meaning. Even as the industry of measuring and ranking democracies thrived, the practice of trading off democracy's substance for its skeletal form became a booming business.
