The Shadow Of The Tsunami

"The Shadow of the Tsunami is a beautiful book: the reach and depth of its thinking, the vividness of its clinical narrative, enlarge the reader's imagination. At its heart is the daily work of healing which, for Bromberg, is the work of 'collision and negotiation,' of the struggle of patient and analyst to find common ground after experiences of dissociative enactment.

The Shadow of the Tsunami: And the Growth of the Relational Mind. During early development, every human being is exposed to the relative impact of relational trauma - disconfirmation of aspects of oneself as having legitimate existence in the world of others - in shaping both the capacity for spontaneous human relatedness and the relative vulnerability to "adult-onset trauma."

A mega-tsunami is an extremely rare and destructive phenomenon that strikes the world every few thousand years. Unfortunately, as seen in the documentary above, there is a concrete possibility that it will occur again in the near future. A mega-tsunami has almost unlimited power to cause utter destruction and there's nothing we can do to stop it.
