leadership, according to CIO, uses motivation and inspiration to encourage subordinates to innovate and bring about change within their job functions. Transformational leadership thrives in an environment that celebrates worker independence. Through this, workers gain autonomy over the decisions relating to their responsibilities.

Leadership? Ideas Produce Results

The onset of the COVID-19 pandemic represented an opportunity for transformational leadership. A transformational leader would have explained early on that, because the crisis is global in nature, it cannot be solved by any one country acting alone. Trump and Xi both squandered that
