UK fuel market review Refining Source: BP Statistical Review of World Energy 2012 Diesel is Europe's main transport fuel by volume and European demand exceeds diesel refining capacity. While the region also needs more jet fuel/kerosene than it produces, there is a marked surplus of gasoline. In contrast, the

UK fuel market review - RAC Foundation

The UK's four big supermarkets have raised the price of petrol almost every day for three months, the RAC can reveal. Data from RAC Fuel Watch shows the supermarkets, which sell 45% of the country's fuel, have increased the price of unleaded at the pumps virtually every day since 21 February (apart from five days when they stayed the same) in response to rising wholesale costs, but they ...

We launched the Retail Market Review in late 2010 due to concerns that the energy market was not working effectively for consumers. The review recognised that while we had seen some improvements since the 2008 Energy Supply Probe, many of the barriers to effective consumer engagement remained. These barriers included the complexity of tariff options, the poor quality of information provided to ...

At that point in this Mazda's case, an 'i-stop' engine stop/start system (the fastest-reacting set-up of its kind on the market) will cut in, reducing fuel consumption by up to 10% all on its own. As for peace of mind, well given the reliability of Mazda products, you'd have thought the company might have wanted to improve upon its usual three year/60,000 mile package and take on the Korean ...

The motoring organisation, which tracks fuel prices through its Fuel Watch initiative, found that the average price of a litre of petrol rose by almost 5.5 pence during the course of last month. That's the second-highest hike in prices since 2000 and a figure beaten only by May 2018's 5.98p-per-litre rise. More on the UK's murky fuel market:

April sees second-highest petrol price hike in 19 years

The RAC says diesel has been overpriced for two months now. Wholesale prices have fallen, just like those of petrol, but pump prices only came down 0.27p per litre on average in October to 117.82p.

RAC car insurance review - Which?

What You Get If you're looking for a second-hand Toyota Rav4 for sale, RAC Cars is a great place to start. Even though the used Toyota Rav4 has a slightly higher price tag than some of its rivals, it's completely worth the investment. 90% of the models that were sold in the last 10 years are still in use today.
