Whatever the side of the fence you've been on in trainings - teacher or student, I believe we all share the same experience: it's very hard to stay focused during a couple of hours. This has only become worse in recent years, with mobile phones being a huge source of distraction. The consequence is that the most important part is the practice.

Teaching Java with Jupyter notebooks - A Java geek

Unless you know for sure that your audience is only reading email in Apple Mail, for example, you need to assume that a decent number of people will not see your images (since a number of popular clients, including Gmail, Outlook.com, and Outlook 2019, and Windows 10 Mail block images by default).

Guide to HTML Email: Coding Templates From Scratch ...

In recent years, B2B organizations have added more and more XDRs - but outcomes haven't kept up with expectations. In this white paper, we look at findings from recent Tenbound/RevOps Squared/TechTarget research to identify where major chronic breakdowns are still occurring in many Sales Development programs.
