Water And Dreams An Essay

The most beautiful of its places for me was the hollow of a valley by the side of fresh water, in the shade of willows...My pleasure still is to follow the stream, to walk along its banks in the right direction, in the direction of the flowing water, the water that leads life towards the next village...Dreaming beside the river, I gave my imagination to the water, the green, clear water, the water that makes the meadows green. ...

Water and Dreams: An Essay on the Imagination of Matter by ...

Water is the spring of being, motherhood. Water flows, its constant movement responding to the environment and to possibility. While the masculine sea calls for tales of adventure, the rivers, lakes, and streams. evoke reverie. It is the liquidity in our eyes that causes us to dream.

rhe - Aalto

Bachelard's book, one of the best ever written about the nature of water, was an early inspiration for both my own research and writing. There is much in the pages of Water and Dreams to be of interest to any practitioner of water management and to any student concerned with how we regard life's very essence.
